

Dear [Alaskan Malamute lover!](#)

Our beautiful and wonderful Nanook is looking for a new family who loves him as we do. Nanook is an Alaskan Malamute born in May 2021 and in our family since July 2021.

[Nanook](#) means [Polar Bear](#) in Inuit language.

Nanook has the pedigree with origins of champions in his breed, he has intense grey, white hair with very deep brown eyes typical of his breed, 42 kg, he is young with lot of temperament and energy.

How is [Nanook](#)?

- Nanook is a powerful dog, incredibly friendly with people of different ages, he can be the best friend of a person that even initially can feel intimidated by his presence.
- He is not friend of other dogs, mainly males as he does not accept competitors. He is good with females of his size.
- Sometimes he wants to dominate unless he recognizes the owner as the leader.
- He needs to exercise outdoor, walking every day or sometimes jumping exuberantly in open spaces.
- He loves food and can fight for it.
- He sleeps a lot during the night and is not disturbing for any need for about 10 hours.
- Nanook does not bark, he does not disturb with annoying barking.
- Nanook has an incredible way of communicating, he is very vocal when wants to communicate with you with different tones that seems he is howling or singing. We have very nice interactions with him 😊
- He loves apples.
- Nanook is a special and unique dog for an owner with lot of energy who wants to spend time with him, playing, walking, running. He is a perfect partner of life for who is strong and lover of this special breed.

We love [Nanook](#) and want to find the perfect owner for him.
